

# 2000 PUBLICATIONS LIST

The Office of Disease Prevention and Health Promotion (ODPHP) of the Office of Public Health and Science, U.S. Department of Health and Human Services, stimulates and coordinates efforts in both the public and private sectors to reduce the risk of disease and early death and to promote good health. Materials listed here are publications that ODPHP has sponsored or cosponsored. They include information for the public, reports and papers for health professionals and policymakers, proceedings of conferences, and more.

**Single copies** of most publications listed are available for a minimal postage and handling fee from ODPHP Communication Support Center; an order form is attached. Some publications, as noted, are for sale by the U.S. Government Printing Office (GPO), the National Technical Information Service (NTIS), and other sources; these documents should be ordered directly from the sources noted (see page 6 for addresses). For bulk orders, contact GPO, which sells multiple copies of publications in stock. Publications are available while supplies last; prices and handling fees are subject to change. Full texts of some publications are available via the Internet (see Electronic Publications on page 5). Many publications and information referrals are available through ODPHP's **fax-back system**. Please call (301)468-3028 for a fax-back publications list and (301)468-1204 for a list of health information topic areas.
